

  	<h1>Week Report</h1>
--	----------------------

<b>Project</b>	<b>Real-Time Bridge Monitoring</b>	<b>Week</b>	47
<b>Name</b>	Ghazaleh Shojaee nia	<b>Date</b>	24/11/13

Achievements
<p>Reading the related documents</p> <p>Trying to understand all calculation is needed</p> <p>Creating flowcharts to describe the flow of code</p> <p>Work on Java basics</p> <p>Draw flowchart with IDA for all pages (full project)</p>

Problems
<p>No cooperation in milano group ! still !</p> <p>I need more time to spent with Milan colleagues but it's nothing in last 3 weeks,unfortunately ! again ! because they did not assign any meeting during the week and reject anytime when I assigned.</p> <p>I have no internet connection out of university hour, I cannot attend any meeting at night ,if there is any after 7 :00 pm ,therefor I can ask from other team leader. So accept my apology if there is any meeting at night, because I will missed it after 7:00 pm</p> <p>No allowance to be in any meeting with costumer ! still !</p>

Plans for the next week
<p>More schematization in advance.  Expect Less discussion !!!!  Some basics of coding.</p>
