

Week Report

Project	Real-time Bridge Monitoring	Week	42
Name	Marko Brčić	Date	10/20/13

Achievements

- **successful first meeting with the team**
- **made Google calendar for the team and added all the team members**
- **made Google spreadsheet document for brain storming, making notes and other things and added all the team members**
-

Problems

- **communication with the team was at first inefficient, Skype was not working so good**
- **we still don't know what we have to do for the project, I hope we will know more after the meeting with the customers**

Plans for the next week

- **meet with the customers and get insight in the requirements and work that needs to be done**
- **agree between the group members what are the preferences for development technology and other team policies**
- **working intensively on the documentation**
- **setting the environment for the development**
